I would first like to thank my parents for putting up with me for these
seventeen years and pushing me to do my best in everything I do.
Mom and Dad, I love you so much, seriously thank you. I would like to
thank my two brothers, Cam and Brady, for always being there to put a
smile on my face when I was stressing about school. I love you guys. I
would like to thank my teachers and all the faculty at Norwell High and
the Norwell School System for teaching me all these valuable lessons that
I may or may not use someday. I would especially like to thank all my
friends. Guys, I wouldn't be who I am today without all of you! I thank
you for being my support system and allowing me to be my best self. Well
Class of 2019, that's a wrap!

"Anything is possible if you set your mind to it." - Unknown

As I near the end of my final year in the school system I give this message out. I thank my all teachers, my aids, my skills advisor, even my friends and family for getting me through the first chapter of my life. Now this chapter of the story is ending and the next will begin. As our time with each other nears its end and we prepare to take our first step to adulthood and reach for the diploma, we must look back on our past and remember all the times we had, the good, the bad, even the ugly. Fellow seniors, it's been a rough ride and it's gonna get harder as we are about to embrace the real world beyond this small town we call home. As I finish this note I give my school spirit in the form of my "Norwell Clippers" sign I have used in the Pep Rallies of the past three years, to our principal. Mr Fish, I want my final wish in the school to have it hung near the gym door so future generations can see what school spirit should really be like. So goodbye everyone and remember this final message I give to you all. The next time you see children playing anywhere like on school grounds, in parks or on the front lawns, those won't be just memories of our childhood... they're also the children of tomorrow getting ready for what's in store for them.

My time at Norwell Public Schools has been a long, crazy road and I'm thankful for everyone who has helped me along the way. Thinking about how my kindergarten class with many of the same people graduating this year was 12 years ago is hard to comprehend. I want to thank my parents for everything they've done for me over the last 12 years, I wouldn't be in the same position I am today without them. I have had success in high school due to the truly amazing quality of education at NHS. There was never a teacher that I believed to be unfair or too demanding. I personally prefer to learn in a visual and hands on way, and I could not have asked for better teaching in my four years at high school. Even my mentors for extracurricular sports and clubs worked their socks off to ensure the best experiences possible. Most of all I have to thank my parents. Seven years ago, I became a student at Norwell Public Schools. Changing towns and switching schools would have been hard if it hadn't been for my family, friends, and teachers along the way. To my family—my mom, dad, brother, sister, and dog—thank you guys for always being there for me. You guys have always supported me, whether it was reading over a paper I had written (last minute), or standing on the sidelines of a cross country meet. To my fellow classmates, thank you all for accepting me my first day at Norwell, making the switch so easy. Lastly, I would like to thank my teachers, who have helped me strive for excellence, and whose lessons I will take with me to college and beyond. Thank you again to everyone who has made my time at Norwell so memorable, and good luck class of 2019!

First off, I'd like to give a very warm thanks to my mother and father. You all have pushed me to reach my full potential and made my high school experience so enjoyable. A huge thank you to my track family that has formed over the years, you gave me a place where I felt I fit in and for that I will always be thankful and to Chuck and Mr. O'Neil for all the motivation and believing in me even when I made it very difficult. Also to the friends who have stuck by me whether it be since first grade, sophomore year, or last month I will never be able to explain how much you mean to me. And a very special shoutout to my little sister Caroline who has always taken my side even when I'm wrong, which is most of the time.

The Girls' Cross Country team had a great season. The season began in late August with the training of new recruits and retraining of past members. Once the season officially began, the new recruits quickly achieved personal records and former members surpassed their previous records. In dual meets, the Girls' won every race, but one and competed in five Invationals throughout the season. At every meet, the Varsity Girls' competed successfully. The season finished at Wrentham, where the Team gave it their all at the D5 State Championships. To our younger runners, the seniors are so proud of you, and we will all be back next season to see how far you have come. Thank you for the most exciting season yet!!

With a final record of 11-8, this season may have been the best one yet. Being our fourth year as a program at Norwell High School, we have come a long way, qualifying for tournament for the second year in a row and even gaining home court advantage. We finally beat one of our rivals, Hanover, and put up quite a fight against Rockland, taking them to 5 sets.

It's taken a lot of hard work, many long practices, a few injuries, but we wouldn't have been able to get this far without every last one of our teammates. We worked together so well this year and definitely made a bond that will last. We are so thankful to have worked with such a great group of girls and wish you luck in the many seasons to come!

The Norwell Cheerleaders had another great season, making it to regionals for the 5th year in a row!

Through the cold and rainy games, difficult practices, competitions, and fighting through hard full outs, we all managed to keep big smiles and positive attitudes!

We couldn't have asked for a better four years, and a great last season with our sisters. Good luck next year girls, we love and will miss you endlessly!

The Norwell Boys Basketball team had an excellent year and are graduating eight talented seniors, who have been playing together for many years. The team took on all sorts of adversity and dealt with everything so well and improved throughout the season. We are so grateful to have a team who cared about each other, had such great chemistry and loved playing together every single day. We would especially like to thank Coach Willis and Coach Murphy for their hard work and dedication to our team.

The Norwell Girls Basketball team had a very competitive season this year with a record of 17-5. Unfortunately, we did not win the league however, we had some very notable wins against league opponent Rockland High School, several Division 2 programs including Duxbury and Pembroke, and Division 1 program - Oliver Ames.

Boys Indoor Track

The Norwell Boys Indoor Track and Field team has a great season, despite their over-all record of 1--6. Let by senior captain, Eric Bethony the boys team participated in some very close meets with many exciting races, events and finishes. The team had several boys qualify for the Division 5 STATE meet. Augustine Smith qualified in the one mile, Eric Bethony qualified in the shot put and the relay team of Henry Wheeler, Kevin Cafferty Augustine Smith and Ryan Martin qualified in the 4 by 800 relay. Congratulations to the Norwell Boys Indoor Track and Field team!

The Norwell Girls Indoor Track Team is so lucky to have had such a fun and successful season with such a hardworking and amazing group of girls.

Although our team was small, we accomplished alot and walked away with the overall South Shore League Title!

Running outside in the freezing rain, snow, and bitter wind was quite taxing at times, but the perseverance and hard work of each girl on our team truly paid off and was beyond appreciated.

Several girls qualified for States: Anna Roman, Mary Kate Scalzulli, Dallis Kehoe, Bridget Shaw, Katie Mullahy, Lily Hudanich, Lily Almeida, and Katie O'Driscoll. The 4x800 meter Relay team placed 8th in the D5 state meet, and the 4x400 relay team placed first; setting a new meet record, and qualifying for All States!

Again, as captains, we are so grateful for such a great season with all of you and can't wait for spring track!

Boys Ski Team

The NHS Ski Program had an incredible 2018-2019 season. The Girls team placed 3rd overall (out of 9 teams). This was a huge achievement for the team and a new record for Norwell Ski Team.

The Boys team also placed well; coming in 6th place overall.

Both teams had some amazing races at Ragged Mountain in New Hampshire, and at Blue Hills.

This year's team was stacked with some very talented racers. This enabled us to accomplish so much on the slopes, while creating a fun and competitive atmosphere both on and off the slopes.

From hammocks on the bus rides to New Hampshire to Dippin Dots after Blue Hills, everyone enjoyed the season. Every member of the Ski Team contributed to a phenomenal season and the underclassmen are already excited for the seasons to come.

Six kilometers, a little more than 3.7 miles, is the average distance round trip that women and children in developing nations walk for water — water that is often contaminated with life-threatening diseases. NorWELL for South Sudan is a group of passionate students who work together to help those less fortunate gain access to one of the most important resources on the planet: clean water. We work on planning and executing fundraisers which involve local businesses and members in the community. Through fundraising, we collect enough money to construct a well in a community in South Sudan where water is not easily accessible. This well taps into the ground water beneath a community that cannot be accessed. So far, NorWELL for South Sudan has successfully installed one well, and we have our sights on the next one!

NORWELL FOR SOUTH SUDAN

NHS' chapter of the Tri-M Music Honor Society was founded in 2017 to recognize students who are outstanding musicians as well as leaders of their peers and servants of the school community. Tri-M students perform a number of outreach and benefit concerts each year both on campus and out in the local area.

TRI-M CLUB

The purpose of the Investment Club is to introduce students to stocks, bonds, mutual funds, branding, and various other ways you can invest your money so it is working for you. The students will participate in the nationwide Stock Market Game where they can compete against students all over the country through their investment decisions via the game.

INVESTMENT CLUB

SAILING

Norwell High School Sailing Club is in its second season as a co-operative Sailing team with Notre Dame Academy. Sailors race in the spring season out of Hull Yacht Club and compete against local high schools including Hingham, Cohasset/Hull, Scituate, Boston Latin, Brookline and East Boston under the Massachusetts Bay League. No previous experience is required; a commitment to learning and attending daily practices and weekly regattas is encouraged. Our club focuses on mastering safe boat handling, skippering and crewing skills, team racing as well as sportsmanship in a variety of weather conditions. Additionally, sailors learn to engage in friendly competitions with their peers from the surrounding communities.

LATIN CLUB

The Latin Club seeks to promote the study of Latin and interest in the Classical World through a variety of events and activities. These events can include Saturnalia and movie nights.

JSA

JSA (Junior Statesmen of America) strengthens students' debating skills and widens their political views. We debate on modern topics but we also enjoy dispute on humorous topics. We go on trips in the Fall and Spring and to Washington D.C. in February where we can meet and debate with other young politicians in JSA.

The Medical Careers Club gives students the opportunity to learn about many different careers related to the medical field. Through a series of guest speakers and student-generated presentations, club members got a glimpse of what it's like to be a medical school student, life in a biotechnology company, ways to prepare for medical school, careers in nursing, and a better understanding of several health issues.

MEDICAL CAREERS CLUB

In the AFS club, students meet regularly to discuss foreign cultures, prepare international cuisine, and learn about different parts of the world. Students specifically meet with foreign exchange students to help their transition into the high school, while making friends along the way. The AFS club includes a coherent group of students committed to welcoming the diversity of others, and providing comfort for the people within our school.

VOLUNTEER CORPS

The Norwell High School Volunteer Corps (NVC) serves to better the community and help those in need. The 2018 - 2019 school year began with club members volunteering their time at the Norwell Police 5K, the Vinal School Stay and Play and the Cole School Halloween Fun Run. The students volunteered at the South Shore Half Marathon in Hingham, the Norwell Boosters concession stands at the CCC and also helped with Device Day at the Council on Aging. The NVC members volunteered their time at the Renegade Run and made holiday themed cards for children at South Shore Hospital. Members of the Norwell Volunteer Corps also volunteered at local holiday events put on by the Cole School and the James Library. The annual NVC "Holiday Fun Fest" event/raffles was enjoyed by many local families and raised \$3,345.00 to benefit the Make-A-Wish Foundation of MA & RI. Members of the NVC took part in a presentation from directors at the South Shore Habitat for Humanity and many have since started volunteering at their ReStore store located in Hanover. The members of the NVC continued to give of themselves to benefit the community throughout the remainder of the school year. The 2018 - 2019 NVC was led by Co-Presidents: Maddie Boyd and Audrey Loyack and advised by faculty member, Ms. Ashley Blumberg.

PEP BAND

The Pep Band provides music for varsity football games and pep rallies, giving students an opportunity to perform in a low stress environment and to support the school community.

NATIONAL HONORS SOCIETY

The National Honor Society (NHS) is the nation's premier organization established to recognize outstanding high school students. More than just an honor roll, NHS serves to honor those students who have demonstrated excellence in the areas of Scholarship, Leadership, Service, and Character.

MATH TEAM

The Math Team is an activity for math lovers who enjoy an intellectual challenge! Students work together, gain instruction, enhance their understanding, and practice solving challenging math problems in a friendly and supportive environment. We look at problems from previous years' math meets and prepare for competitions. Each meet has prescribed topics that we specifically prepare.

NHS mathletes have many opportunities to compete. There are competitions during school and after school, individual and team contests, topic tests and general tests. Click the titles at the left to find out more about some of the various opportunities.

ART & FASHION CLUB

The Art & Fashion Club meets once a week and provides an opportunity for students to explore art outside the classroom studio experience. The group experiments with new materials, works together on community projects, studies their own personal interests, and shares their love and passion of creating art together.

BEST BUDDIES

Best Buddies is part of an international organization dedicated to creating opportunities for one-to-one friendships and leadership for people with intellectual and developmental disabilities. The Norwell chapter of Best Buddies is dedicated to hosting fun events and fostering a welcoming environment for any and all members of our community.

MOCK TRIAL

The Mock Trial Team participates in the statewide Massachusetts Bar Association mock trial tournament. The goal of the program is to teach students about courtroom procedures and what is involved in criminal and civil legal cases.

CRAFTS FOR A CAUSE

Crafts for Cause is a group that meets to create various crafts and then sells them at school events for charity. Each craft is different and the group chooses from different charities to donate to. The club is new to the school this year and is a great way to make arts and crafts while doing community service!

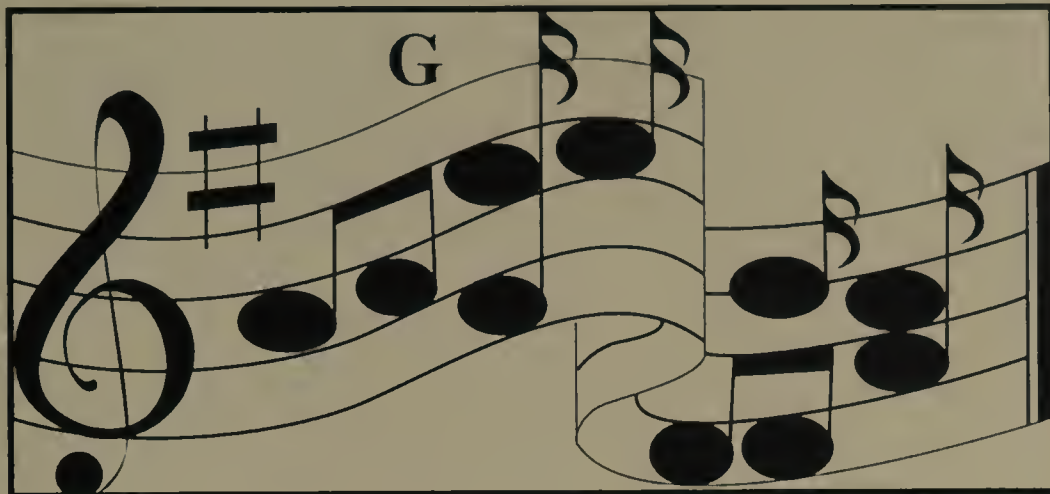

STUDENT GOVERNMENT

Student Government is all about community. This year in Student Government we made strides in impacting our school and local community by organizing the Thanksgiving Food Drive, collecting toys for Toys for Tots, and spreading positivity within our high school through pep rallies and handing out sweet treats! Each grade raised money, and donated to The Wounded Warrior Project (9th grade), Save the Turtles (10th grade), Domestic Awareness Project (11th grade), and Alopecia Research and Awareness (12th grade). Student Government is comprised of extremely dedicated students and is led by an almost entirely senior Executive Board. We are so excited to see what Student Government has in store next year and hope that we are able to maintain our momentum in the years to come!

CLIP NOTES

The Norwell Clip Notes is an all-gender cappella group comprised of approximately twelve to fifteen voices. The goals of the group are to work together to learn vocal arrangements, including traditional, holiday, and pop, to create a diverse musical repertoire. The group performs at many events both at the school and out in the community, including pop songs at school Coffee Houses, the National Anthem at sporting events, and carols during the holiday season.

PEER EDUCATION

Peer Educators are selected juniors and seniors who present lessons in Social Health Education to 4th and 5th graders and serve as advisory leaders in 9th and 10th grade homeroom advisories.

They answer questions about growing up, peer pressure, academic stressors, and life in general as a high school student.

The Advisory Program is a unique program that brings upperclassmen mentors together with underclassmen. The goal of the program is to create an open learning environment where ultimately all students feel comfortable and supported.

Peer Educators also run the Freshman Advisory Kickoff Day held each September.

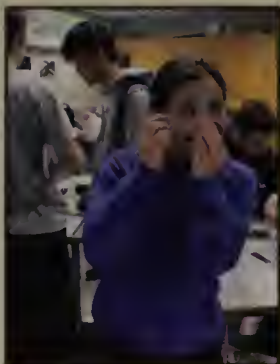

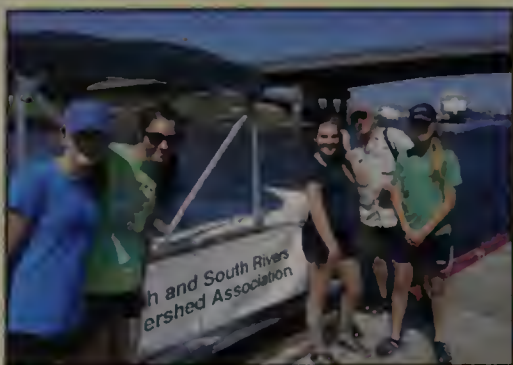

ROBOTICS

The Norwell High School Robotics Team designs and builds a 125 lb robot each year for the US F.I.R.S.T. robotics competition.

F.I.R.S.T (For Inspiration and Recognition of Science and Technology) is an exciting and fun experience where students, not only build robots and compete with them, but also learn important lessons about engineering, travel, and make new friends.

BIO STEM

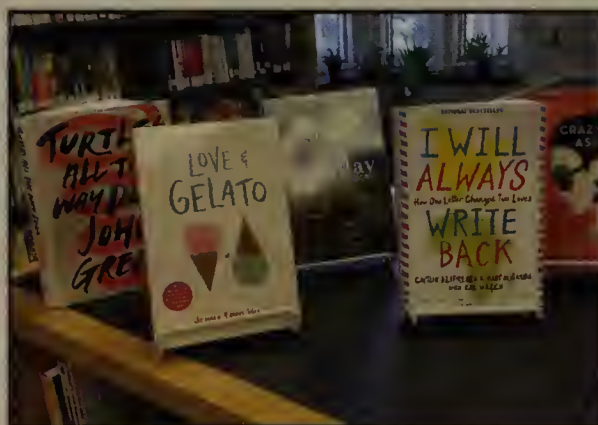

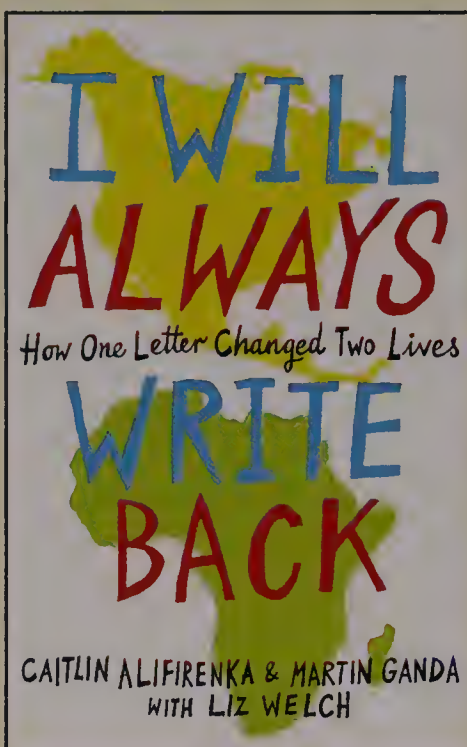

Do you love labs, but wish you didn't have to do a write-up? Do you want to pursue a scientific passion?

Then the BioSTEM Club is the place for you! Come have fun with friends, take some experiments and prizes home, and get involved in your community—all while exploring science!

This club is driven by the members' interests, so bring your ideas! Activities so far have ranged from DIY rootbeer to virtual reality holograms, and everything in between. We also take an annual end of year field trip - last year we went to the beach to explore wildlife - and engage elementary school children with fun science demonstrations. Anything you dream of is possible at the BioSTEM Club!

BOOK CLUB

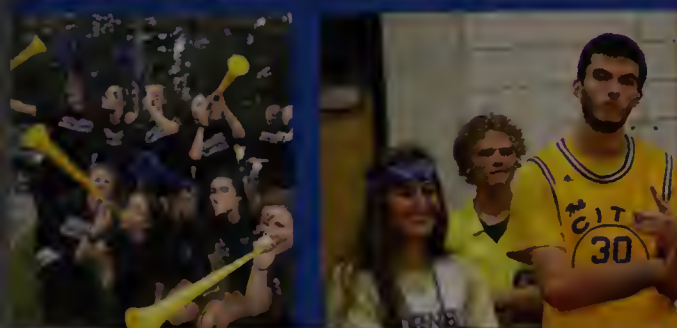

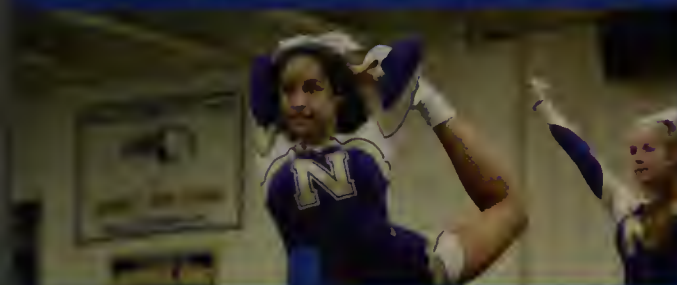

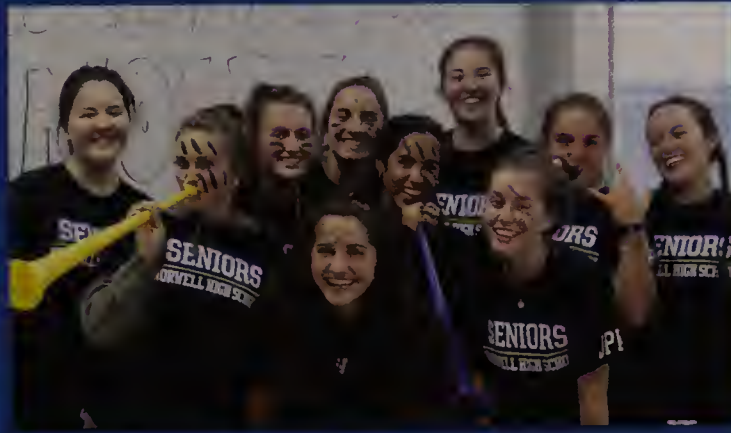

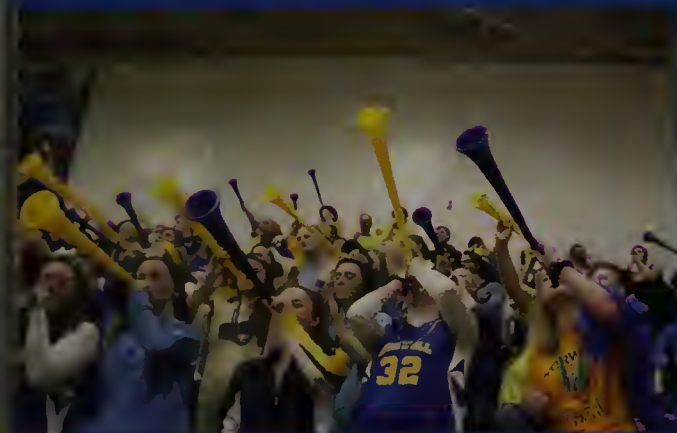

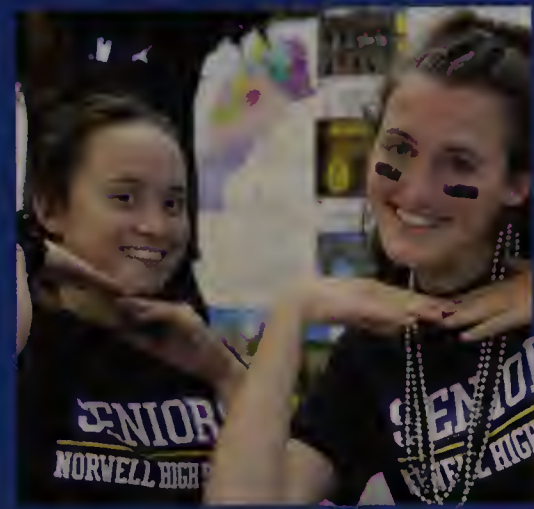

Book Club meets multiple times in a school year for approximately one hour in the library after school. Avid readers are given the opportunity to select and read a common young adult or adult book and informally discuss it at the meeting. Reading copies are provided from the library collection and are later available to the school community.

YEARBOOK

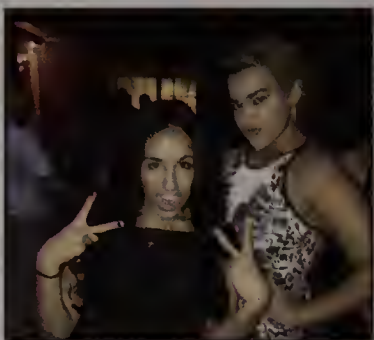

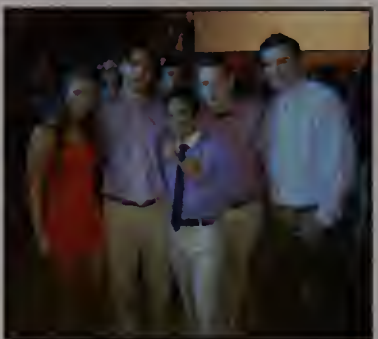

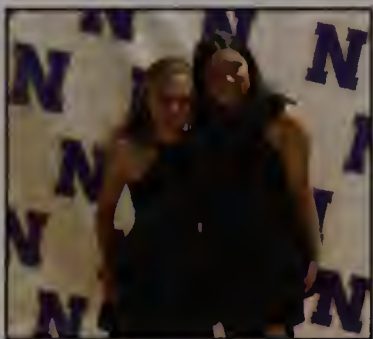

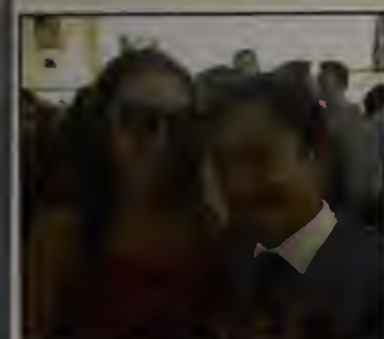

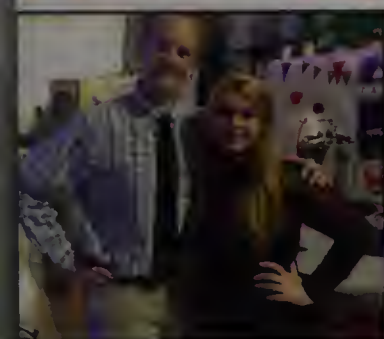

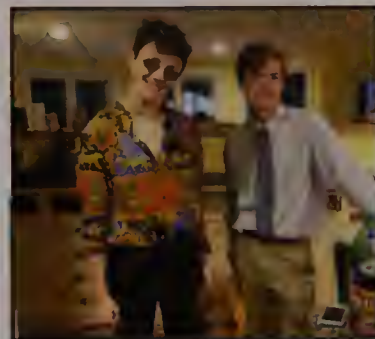

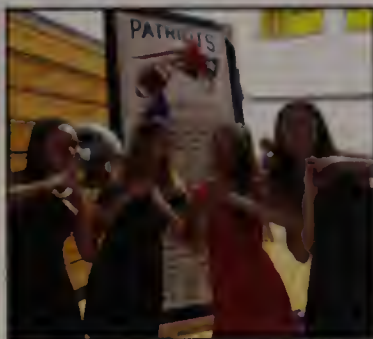

The dedicated members of the Norwell High Yearbook committee has logged hundreds of tireless hours throughout the last year to fill the book sitting before you with every fun and exciting activity that occurs at NHS. We hope you enjoy your yearbook as much as much as we enjoyed making it!

Samuel Penn Williams

I do not choose to be a common man. It is my right to be uncommon. I seek opportunity to develop whatever talents God gave me - not security. I do not wish to be a kept citizen, humbled and dulled by having the state look after me. I want to take the calculated risk; to dream and to build, to fail and succeed. I refuse to barter incentive for a dole. I prefer the challenges of life to the guaranteed existence; the fulfillment to the stale calm of utopia. I will not trade freedom for beneficence nor my dignity for a handout. I will never cower before any earthly master nor bend to any threat, It is my heritage to stand erect, proud and unafraid; to think and act myself, enjoy the benefit of my creations and to face the world boldly and say — "This with Gods' help, I have done." All this is what it means to be an American. A Creed for young America DA.

As you aged you challenged us to keep pace with your change, continually questioning whether we did well by you. Now as parents we are facing the ultimate challenge, letting you go. We hope we instilled in you strong core values, faith, honesty, and integrity from which you can draw upon as you go forth and face new experiences in your quest to become the men you are destined to be.

Remember, "Destiny is not a matter of chance, it is a matter of choice. It is not a thing to be waited for, it is a thing to be achieved." ~William Jennings Bryan.
